

INTRAACTIVE LEARNING

Microsoft 365 is a platform with many different possibilities and tools. We want to help all your co-workers make the most of your Microsoft investment.

IntraActive Learning is e-learning for Microsoft 365. The courses are for end users and can help them off to the right start with the new tools like Teams, SharePoint and OneDrive.

Give your co-workers the right competencies and make the most of Microsoft 365.

KEY FEATURES

EASY ACCESS

Our solution gives your users easy access. One click and they're off, without having to enter username and password.

CONTINUOUS UPDATES

Microsoft 365 is continuously updated with new features and our courses reflect that. We update course content to match the technologies.

IN DANISH AND ENGLISH

Training needs to happen in the language your users are most comfortable with. All of our courses are available in both Danish and English.

NEW EMPLOYEES

Give your employees a good start and include our courses in their introduction to the organization and how you work.

TEAMS APP

If you work in Microsoft Teams the Teams app makes all courses available directly in Teams.

TRACKING

Keep track of who takes the courses and how far along your employees are in their training.

USER-FRIENDLY E-LEARNING

We offer courses that can help users off to the best start with all the many options available in Microsoft 365. Access to learning is easy and the courses are user-friendly. Give your employees the knowledge they need to adopt new it tools and reduce their need for support.

HELP AND BEST PRACTICE

Our solution is easy to use and all you need to do is make sure to spread the word. As part of our service we train you in following our best practice, to make sure you get the most value from our courses. You will also gain access to campaign material for each tool. It doesn't get much easier than that.

INTRAACTIVE

ADDING MORE VALUE TO COLLABORATION AND
COMMUNICATION IN MICROSOFT 365.
